Englewood Schools' Photograph Release Form

Arapahoe County School District 1 (Englewood Schools) maintains a District World Wide Web Site with links to each of the District's school Web Sites. These Web Sites promote positive images of the schools and students, and honor the members of our academic community. The District and school sites are updated frequently to keep information current.

We often place photographs of our students on Web Sites, including the students' names when possible and appropriate. However, we need your permission to do this. Photographs are always limited to posed shots or photos taken during school activities, including sports. A faculty member approves all photos before they appear on an official Englewood Schools' Web Site.

This release form provides permission for Englewood Schools to place photos on any of Englewood Schools' Web Sites. For your convenience, this form releases a student for the entire time the student is enrolled in Englewood Schools. Once signed, it remains in effect until the student leaves Englewood Schools or until it is revoked in writing.
